Swish	0.60% + SEK 2	0.50% + SEK 1.9	SEK 2*	1.99%

NOTE: For collecting APMs, charge gateway fees, payment method specific fees

*** For the Refund fee**, on top of the Fixed fee of SEK 2, please also add the equivalent of 0.40% times the merchant's ATV. For example, if the merchant's ATV is SEK 500, the pricing for the Refunds should be:

- > SEK 2
- + (plus) 0.40% x SEK 500 = SEK 2
- > Total Refund Fixed Fee = SEK 4

***FX pricing is mandatory at 1.99%.** Please note that FX is applicable when processing currency is different to the merchant settlement currency. This means that even if the APMs settle CKO like for like, but CKO settles the merchant in a different currency, FX will still apply (i.e. EUR -> EUR -> GBP)

For pricing **below the standard rate of 1.99%**, please reach out to our treasury.markets@checkout.com for approval.
